I am selling my R6 because of it being uncomfortable in long rides. Especially about any ride for my girlfriend to be on it. I'm looking at a cruiser and need to get rid of this bike before I make any other decisions. Bike is incredibly clean and I will hate to see it go. I wash it weekly and spray wax it. Been taken care of very well always garage kept. Bought it off a good friend that got it brand new out of the show room. Brand new tires this season. Has a dual MIG exhaust on it. Has a good tone and not extremely loud. Any other questions, text would be preferred. Thanks,.
