2001 coachmen catalina trailer. I believe it's 34' Camper tows good with very good tires on it. Exterior is in alright shape interior needs cleaning especially fridge. Has a single slide and an awning. Slide is hard to open and close and it took in some water through a light fixture in the slide. Will need a new battery but has its dual propane tanks. Needs a little love overall but obviously it's priced accordingly. This should normally be around 5500. Please only call if interested I may consider trades of things with motors, no boats. Atv, atc tractors etc.. sold with bill of sale only. Please call jay. .
