Fitz' Digital Cad Service L.L.C. (consultants)  
<https://sites.google.com/site/fitzdigitalcadservice/contact-us>  
P.O. Box 1616.  
West Caldwell, NJ 07007-1616

You'll Be Glad You Went From Pencil To CAD

The Service to be Provided:

We are available for CAD / Drafting / Illustration work as your consultant.

Among the services we provide are: Architectural Drafting: -plans/elevations/sections/details, -sketches to working drawings,

"as built" surveys of existing structures, using AutoCAD Scan to PDF, JPG, or TIFF for mark-up, or true reverse engineering.

E.: re-drawing existing plans in DWG format

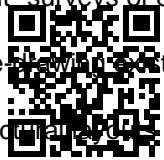

Architectural CAD into: 2D or 3D in the form of plans, elevations, or perspective illustration

Site Visits (New York, or New Jersey) for on-site measurements of existing conditions and digital photography of site.

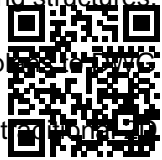

The same would apply for Mechanical Drafting/ Engineering, with the use of more precise instruments.

---

The core product or service that Fitz Digital Cad Service, L.L.C. will provide will be the "Digital Replication of Drawings".

This can be done on site, and after hours, in order not to interrupt the normal flow of work in your office, or off-site.

Off-site, for scanning purposes, may require additional service in order to secure that documents are protected.

Obviously, "on-site", the documents will remain on the premises and in your possession.

Since this is a "Digital Service" the customer must be willing to provide a clean computer hard-drive, DVD, CD, or flash drive for the storage of their files.

These items can be provided by "FDSC. L.L.C" for an additional fee.

For a quote please reply to this ad, or go to our web site: <https://sites.google.com/site/fitzdigitalcadservice/contact-us>
