We lost our orange and white male tabby cat. He has short hair and he is neutered. He is micro-chipped and is wearing a black and greyish reflective collar with his name (Carson) and our phone number on it. He may be skittish towards new people. We lost him at the Big Sky Camp & RV Park early this morning during the thunder storm. We are traveling through from Idaho and would appreciate if someone would help return him to us. If you have any information please contact Kathy at
