Looking for a loving, caring home for my white, 11 weeks old female full breed, teacup yorkie. Her name is Pixie. she is has all his shots and is completely housetrained, she is great with my 8 year old Daughter. However she still gets hyper when new people come to visit, however takes a nap not long after. I am 5 months pregnant and very allergic to her so we need to find a good home for her. I will not be able to give her the time and attention that he deserves. Please contact me with serious inquiries only. I am asking for a \$255 rehoming fee. she will come with her toys, treats, bowls and whatever food is left.
