Our Specialty Is Conducting ESTATE Sales. The task of liquidating an entire estate is rarely a fun endeavor and can be very stressful. That's where we come in, WE LOVE STRESS!

We take care of every aspect for you. We are experts at knowing or researching the value of things. If we feel we can get a higher value online we will list those items on several online platforms and on our own company websites. This will give you international exposure and demand a higher sale price.

Maybe having an estate sale is not what you need and you would rather sell us your items to get some fast cash. PROSELLERS INC also BUYS COLLECTIONS if there is good resale value in them.

Oh yeah, wait a minute! We do have a 3rd option that a lot of our current and past clients love. We also offer CONSIGNMENT services that are customized to fit your needs . Our fresh approach maximizes your earnings.

So when you decide to get rid of your things and want to make lots of money, why not let the PRO'S at PROSELLERS INC handle it while you sit back, relax and wait for the checks!!
