

Lead Guitarist Needed

Location

North Dakota<https://www.genclassifieds.com/x-506909-z>

Our lead player has just been relocated and we're in need of an egoless guitarist, some vocals a plus, but not absolutely required. All three of us have plenty of band experience and would like to gig a couple weekends a month. We play 80's, 90's and more rock and pop. Cover band, I don't scream so can't do much hair metal, but like the genre and will probably dip into it some. email, text or call me...
