I'm a fairly recent newcomer to Grand Forks. I came here to attend graduate school at UND. I've got significant experience with drums and percussion and miss it. I'm also a pretty decent background vocalist. I'd like to just have some fun with it while I'm here (the next two years) if anyone has the need. Catch: I do not have a kit here. If anyone out there just likes to jam, needs help making a demo/record, or needs someone capable to fill-in for a show --- I'm your guy. Again, I have no kit here. I realize this is probably a deal-breaker for most situations, but my stuff is in storage back in Indiana. I can offer you this; in my time I've played nearly all styles of music, I've played more than 1,000 live shows (and no, I'm not a senior citizen age-wise, yet) I've recorded, I've toured, I've had endorsement deals, and so on. I'm a quick learner, a talented drummer, and if you need someone in a pinch and have the gear to lend --- I'm on it. I don't want money, I don't want attention, I don't want accolades...I just want to play. Even if you just like to get together and jam out and have some shitty \$200 kit in the basement...I'm your guy. Hit me up. This is about one thing only; love of playing. Thanks,.
