Beginners Can Start Right From The Beginning

"Great teacher -- Our daughter is doing so wonderful with lessons? My 9 year old daughter, started piano lessons here. She learns reading music, playing by ear, improvisation, recording music, and lots of fun things that keep her interested. Her teacher is just great. He does a super job encouraging her, praising her accomplishments. The lessons are an important part of her week She is proud about playing piano. This is a good thing for her personally. She practices more than I ever expected. It's a pleasure to hear her play. I play a bit, and we have been doing some duets. What a nice feeling to play music together. We

are so pleased with the piano lessons"
Thank you?
