Sunnyside Home Pet Care is a local business, serving just the Sunnyside and Richmond neighborhoods of SE Portland. I don't travel far and wide which means I can can keep my rates lower than other services, and even offer discounts for older dogs and puppies. It also means I can be there anytime my clients need me, even at a moment's notice. And there are never any extra fees or charges for travel, key exchange, or calling at the last minute. But best of all is the reliable, trustworthy care I give every pet. And now a word from my clients:

I have counted on Richard with Sunnyside Home Pet Care for my pet sitting needs for almost two years. He is extremely reliable, trustworthy and kind. He spends quality time with each kitty and tries his hardest to learn each of their personalities and specific needs. I always feel good about leaving my kitties in Richard's care, and because of his excellent service I have gotten that when I travel they are more than happy to see me. When I speak to friends, the service that Richard provides is priceless.

Extremely satisfied customer,
Kaci Conner

When I first adopted my puppy, Fluffhead, I felt incredibly guilty for leaving him at home while I was in

the office. I told my vet that I was stressed out about affording the rates of most dog walkers, and she immediately recommended Richard's services. Richard came over and hit it off with Fluffhead right away, spoiling him with treats and attention. Since then, Richard has come in two or three times a week, unfailingly responsible, flexible, and friendly. Even when I email him the same morning asking for a walk, he always makes time in his schedule. Lastly, I can tell that he really cares about Fluffhead...for the first couple of weeks he would text me about their walks, letting me know that all was well. I feel so lucky to have him in my neighborhood, and I know Fluffhead feels the same way!

My cat gets bent out of shape when I'm gone for more than a few days. He usually comes up with creative ways to take it out on my apartment. After 10 days on Richard's watch, though, Socko was no more ornery than usual and my place was no worse off than it normally is. Heck, Richard even got him to try wet food. It was clear that the four-legger got some good attention while I was gone!
