I am rehoming my beagle mix. He is about 4 years old, neutered, and he is the friendliest dog ever. Ive raised him since he was a puppy but due to recent circumstances i am unable to give this dog the attention he needs. I love him very much and i would like to make sure he goes to a good home. Hes great with kids and other dogs and anything really. Perfectly healthy, just had his shots done. I am asking a small rehoming fee, but he comes with everything that belongs to him (food container with food, kennel, beds, blankets, lots of toys, collar, harness, leash, etc...). Great dog, very smart, knows a bunch of commands. Please call or text anytime with questions or more photos (i have TONS). Thank
