Harley has been my senior stud dog and now ready for retirement. He makes beautiful, smart and loving shih tzu puppies (at least this is what I hear over and over again from the puppy owners). I have recently purchased a new stud dog for my breeding operation and Harley is available for a new owner. He is still young being only 4 years old (5 in fall). He is a strong breeder but more importantly, he is a trusted and loyal friend. There's not a mean bone in his body; he's just a sweetheart. He loves the outside and runs loose on my horse farm only coming in the house/barn when bad weather arrives. He's full of life and still plays like a puppy. He is a rare black/white spotted shih tzu. Most veterinarians tell me they have never seen one. I have only seen one in a book. He is UTD on shots, heartworm negative and on a heartworm medication. He is the standard size shih tzu and has the perfect sturdy shih tzu body. I am asking a modest \$150 rehoming fee or \$200 w/his CKC papers & pedigree. Call or text if.
