Malakai is with Celine's Cats and canines rescue and was sitting in a corpus Christi shelter for the last 4 years and no one wanted him so we brought him back to fort worth to find a home

malakai is back from the vet. esimated age is 10-12 years old. he has no teeth on the top and most of the bottum ones on one side are gone. he does have a heart murmur but it is a very small one. he is feluk/aids negative and got all his shots and microchip. his mouth is a deformity not a cleft palate or cancer. the vet believes he was born like that. adoption fee for this guy is only \$50 also he will come with his collar and a kennel. he has to be fed canned food he has trouble eating dry and he eats the canned food very well

his vet bill today alone was \$150
