Location **Wyoming** https://www.genclassifieds.com/x-507315-z

Selling or trading my project truck. Lot of time and money invested, decided to go another direction and need a 4x4 that is more family friendly. Runs & sounds like a beast and the interior is next to perfect. The body is almost perfect and has been sanded down and primed but could use a bit more sanding and primer before a nice paint job. Serious buyers only so please don't come at me with low ball or junk offers. Have more questions please text or call. Thanks!
