In search of a kitty to keep your lap warm? Look no further - Snuggles is your man! This gorgeous medium haired fellow is 8-10 years old but acts like a young cat. He is super affectionate, calm, laid back, and outgoing with people. Snuggles is a talkative buddy and even responds to his name with a polite meow!

His foster mom reports he "is seriously a superb being..He is an chill, older gent that can hold his own living amongst other animals, dogs and cats alike, (including two tiny wiener dogs who like to chase him around and lick him to death when they catch him) and a newborn. Nothing phases him and he is the ultimate lap cat."

Snuggles was surrendered to the Philly shelter and his previous owners only had good things to say about him. He is a clean companion, always uses his litter box and scratching post. We believe he has been a single cat his whole life, but has met other cats in foster care and would do well with them in his new home. He also gets along with the dog in his foster home! Snuggles would make a wonderful and devoted companion who has lots of love to give!

Snuggles is neutered, microchipped, rabies vaccinated and up-to-date on his vaccines. He is felv/fiv negative.
