

# Land for Lease or Sell for My Tiny Home (United States)

Location **Washington**  
<https://www.genclassifieds.com/x-507360-z>

I completed my tiny home in November 2014, and am seeking a small parcel of land in the Seattle, Olympia or Olympic Peninsula area to either purchase or lease. If leasing, I would like the property to have access to water and electricity, and would pay for that access and usage. I would need access to the property beginning August 1, 2015.

I'm a professional management consultant with consulting engagements continuing through 2016. I have no pets, am a vegetarian (planting a small vegetable garden would be also ideal), non-smoker and non-drug user.

Attached are photos of my tiny home, in which I currently reside in Rio Vista,.
