My business is growing and I need to add some more people to my team. I am looking for a Photo Booth operator/attendants. This is a fun, unique, part-time position with great pay, mainly for the weekends but we also have jobs during the week as well (day and night). We travel all over Columbia and Surrounding areas. You may have to travel to Charlotte and Augusta. I provide photo booth rentals for all types of events such as weddings, corporate events, school events, auctions, Bar/Bat Mitzvahs, etc. Your job would include transporting the booth to and from events, setting up and tending to the booth for the duration of the event (changing printer paper/toner, making sure the props get returned and the booth stays clean inside), and then returning the booth to my office in NE Columbia.

*Pay 12 dollars an hour + mileage (hourly pay while driving)

Although a photo booth attendant will typically have limited interaction with the client at an event, the attendant's primary interaction is with the event's guests. The attendant ensures everyone understands how to operate the photo booth, orchestrates the construction of the client's memory album, and even markets the photo booth to guests that are interested in being future clients.

The photo booth attendant will arrive at the event location initiate contact with the client or the facility/event manager to confirm the logistics regarding the designated area to set up the photo booth. The photo booth attendant will be responsible for verifying that the assigned area for the photo booth is in an appropriate location.
