I am preferably looking to provide part time/full time child care in my home. I am a sahm with a 3 year old boy. I worked for 5 years in a family birthing center and then 7 years for Child protective services and have had extensive childhood development as well as health and wellness training. My home is clean, kid friendly, loving and fun. My rates are negotiable and very reasonable. Message me if you are interested and/or would like more.
