1999 Oldsmobile Aurora..... \$2450 / OBO

One of Oldsmobiles "Flagship" luxury sedans! I have personally driven and maintained this car for almost 13 years.... I recently purchased a different vehicle and it's time to say farewell. Great running car and get's decent mileage on the road. Just went to Minneapolis and back and got 24.3 MPG. Oil changes have been done every 3-5000 miles. Tires will run through the summer. A/C and Heat work well. Small rust spot on drivers side passenger door. In the last 3 years it has had:

- \*Plugs, Wires, Fuel Filter (06/03/2015), PCV valve, Idle Air Control Valve
- \*New Radiator, Hoses, Thermostat, Water pump / belt
- \*Serpentine belt and tension pulley

The car has plenty of power when you need it! New Struts / Strut mounts for the front and rear Air Suspension / Shock conversion just installed and alignment done (06/03/2015). Price is Negotiable!

\$2450 / OBO

Thanks for Looking! I can be reached at SevenOne2-Two51-8Four98. Text or Call. Let's!
