

Buick Century 1993 (1200 USD)

Location **Tennessee**
<https://www.genclassifieds.com/x-507571-z>

This is a 1993 Buick Century Special Edition V6 3300. Has 187,367 miles. A good car to drive back and forth to work. It has power seats and windows but the two rear windows doesn't work for some reason. Recently I've been having problems with the AC. It overheats when the AC is ON and I have to add antifreeze to it. I haven't used the AC for that reason. I haven't seen antifreeze leaks so I'm guessing it might be the thermostat or something. I don't want to spend money on it because I just got a new car. Other than that, It drives good. I'm selling it As Is for \$1200. If you're interested, feel free to call or email me.
