Selling warehouse full of brand new garage floor tiles. There are approximately 40,000 square feet. They are still in the boxes. They can be seen online at SpeedwayTile.com for \$2.99 each. Please go to the website SpeedwayTile.com to see the tiles and click on the "floor designer" tab to design your floor before you contact if possible. It's very helpful to know how many tiles you need and what design you want to do.

I will sell the ramp edges for \$1 each.
 I will sell entire warehouse to someone for \$1.25 each
 I will sell tiles in small amounts for \$1.50 each.

The tiles are 12x12.
 Available in Black, Silver, White, Red, Orange, Beige, Green, Terra Cotta, Yellow and Blue.
 I will mix the colors for you. Most 2 car garages are 400 sf. That would cost you \$600 (400 x \$1.50 = \$600).

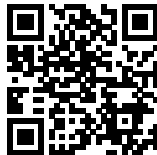

If you don't have a way to pick them up I can ship them to you. These tiles are in my warehouse in Tennessee. So call me or email me for a shipping quote with

1. your zip code.
2. How many tiles you need.

They can be installed by stepping on them and snapping them together. It should only take a couple hours to do a 2 car garage.

They cover cracks in your concrete and they will hold RV's and motorhomes so yes they will hold your bikes and tools. You can install them yourself or have them installed for you.

Call me or email.
