Finally I have the perfect little home that so many have asked for..

Perfect for downsizing, or a cabin / cottage feeling on land or in a Mobile home Park.

This is able to get a home loan on and is actually very PORTABLE...

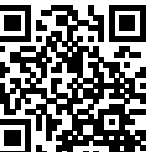

All appliances come with it as well as heat and air.

Has a cute little ELECTRIC FIREPLACE.

You can come see this home and if you want it in different colors , we can order you one.

I myself would like a yellow home with white trim... and flowers on the porch...
