Having to rehome a young hound mix due to moving into an apartment. She is use to having room to run with other animals around and isn't adjusting to have no yard. She is up to date on her shots is fixed and micro chipped. She does great with kids but working on teaching her not to jump but currently knows sit come here no and lay down. She dogs good around other dogs but not to sure about cats. Pulls a little on the leash during walks but is getting better. She is about 1.5 years old. Well come with all her stuff. Email for more
