Female standard grey 3 years and baby boy white face glider who daddy is a leu. Asking 250 for both gliders and there supplies( Food , pouch and a few toys). They do get along fairly well and both are exceptionally sweet just trying to get a small amount of what I paid for them. They have both been held daily very sweet just don't stay up late at night enough to play with them. If you want there cage it is 100 with all the furnishing and you will have to come help me unmounted it off my wall. Gliders both for 250 and I can meet up. My price is reduced because I am looking for them a good home, but they are not free. Please have glider knowledge before contacting me. The only trade I am interested in is a female Indian Ring neck Parrot.
