When you are looking for a contractor that is reliable, give me a chance to work for you! If these are traits you would like in a contractor: quality, honesty, reliability, stability, etc. give me a call. I have all State licenses, 40 years of experience from siding, roofing, gutters, and windows to additions, kitchen and bath remodeling, to basement build outs. I am located in the Hartland/Delafield area and attend a large local church here. Thanks for your consideration.

In Him,

Mike
