Do you need something hauled but no trailer, trailer hitch, or something to pull it with???

I have a 6' by 10' heavy duty trailer with sides and a fold down end gate ramp. I also have vehicle to pull it with. You must do all of loading and unloading, I do not help. I will bring trailer to you and wait till it is loaded and then drive with you or follow you to destination for you to unload.

Fee is: \$15.00 per hour from time I leave my house until I return to it plus \$1.00 per loaded mile (\$10.00 minimum loaded charge)

TOTAL MINIMUM CHARGE is \$35.00!!!

I do not rent out trailer by itself. I stay with it at all times so as to prevent damage to it by misuse.

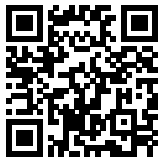

Send me details and I will give you an estimate. Please provide all details of haul, What /From where to where/ When. THE MORE DETAIL THE MORE ACCURATE THE ESTIMATE. Deposit of estimate due before you start to load.
