A Los Angeles based Motion Picture Group with a successful 25 year span in Film/TV has a unique opportunity and looking for Executive Sales Agents. This position is paid a 5% commission and full bonuses and residuals as a "referral fee" on all investors brought in on a new slate of motion picture and television reality projects. This is a contracted position.

We are seeking an individual that can bring in private investors on a slate of projects that is already set to move forward.

Projects will have distribution and this is a legitimate post seeking those who can pitch and sell a project to those interested to make money in the motion picture world.

If you can sell, this is an excellent opportunity to make very quick money with a legitimate group and studio.

For further information please reply with a resume and phone contact.

You do not need to have prior experience, just be able to sell and get to people with money anywhere in the World. Checks are made out to the Executive Sales Agent within 72 hours of "Greenlight Funding".
