Could you use some friendly, patient, expert help with your Mac or PC, Microsoft Windows, Microsoft Office, the Internet, email, or other personal computer programs, problems, and features? Perhaps you'd like some assistance with apps and other features of your iPhone, iPad, Android phone, or Android tablet.

Maybe you want to improve your website's position in search results utilizing advanced Google-friendly Search Engine Optimization and Search Engine Marketing (SEO/SEM) techniques. Maybe your business doesn't even have a website(!) and desperately needs one, along with the SEO techniques that make it stand out from your competition.

I'm an experienced and talented computer professional with excellent communication skills and a personal, patient, gentle tutoring style. I help people of all ages, abilities, and backgrounds learn comfortably and confidently, at a pace that's right for them.

I've presently received 35 customer reviews on Yelp, all of which are glowing 5-star reviews. (Be sure to read Yelp's 'filtered' reviews, too.)

My [illegible] employers [illegible] Pacific Bell in San Francisco, Alameda County Office of Education in Oakland, [illegible]

We meet wherever you'd like: your home, your place of business, my home, a public library, or [illegible] [illegible] convenient for you.

Some of the many areas in which I can help:

- Computer basics/fundamentals (Mac and PC)
- Mac OS X and Microsoft Windows

- Understanding, organizing, and managing your computer's files and folders

- Making full use of the Internet and email (including email attachments)

- Microsoft Office (Excel, Outlook, PowerPoint, Publisher, and Word)

- Protecting your computer from viruses, spyware, and other malicious software

- Arranging your workplace for optimal support of your health and comfort (computer ergonomics)

- Digital photography, including choosing and using digital cameras, as well as adjusting their settings & features appropriately for your photographic needs

- Optimizing your photos and other graphics for printing and for the Internet (image editing)

- Uploading your photos, videos, and other files to the Internet

- Purchase advice and assistance (both new and used ... choosing the right computer, software, and other devices & services for your needs and your budget)

- Google-friendly Search Engine Optimization (SEO), Search Engine Marketing (SEM), Landing Page Optimization (LPO), and Social Media Marketing (SMM) to improve your website's position, brand awareness, credibility, and popularity in Google and social media search results

...this is only a partial list, so if you don't see it here, please inquire ... there's a good chance I can help!

My rate for everything except SEO/SEM training is $50 per hour. My rate to teach you my proprietary SEO/SEM techniques is $150 per hour, and requires a non-disclosure agreement.

All visits require a 2-hour minimum appointment. I accept credit cards, checks, PayPal, and cash.

Please feel welcome to contact me at your convenience to discuss your individual needs or to schedule an appointment ... or visit PersonalComputerLessons.net for additional information.

And be sure to read reviews and recommendations attesting to the quality of my work and the integrity of my character on sites such as Yelp, Google+, Angie's List, and LinkedIn.

Thank you for your interest. I look forward to working with you and helping you achieve the results you desire!
