Looking for a gay friendly room to rent preferably in the lewes area. I will be honest from the start and say I am a registered sex offender, But I'm not a child pervert. It happened when I was a 15 y/o teenager I'm currently 32. I do have many references who can be contacted to verify that I'm not a threat. I work 6 days a week, I have my own transportation. I am a clean and respectful person. (again I have references). I would prefer to live in the country or an out of town situation, reason being, less impact on neighbors who tend to panic over even the thought of a sex offender living next to them. (specially when a few bad people have ruined it for those who just made a bad mistake and have learned from it) If there is anyone willing to rent to me please contact me via email first (

) and then I will give my phone number to discuss any further details. Please inform me in email how much rent.
