Good Afternoon,

We are a landscaping and labor company that is seeking good, strong, reliable, dependable and professional assistance with an upcoming project this week. The project is scheduled for Wednesday and Thursday 8:30am-5:00pm with a one hour lunch. The job is very simple. However, it is very labor intensive so you must be strong and physically fit to do the job properly. I am taking bids for the work, but I have a budget I have to stick to in order to make sure everyone is paid fairly. Looking for one or two guys depending on the bids. Also, we have work fairly often in Columbus, Auburn and Atlanta. If you are a good hard worker who likes to get the job done then there is definitely opportunity for more work in the future. Please text me as I am working and cannot talk on the phone.

In your Text..PLEASE INCLUDE THE FOLLOWING TO BE CONSIDERED:
Your location? Do you have reliable transportation to the jobsite? Are you available 8:30am-5:00pm Wednesday and Thursday? What is the price you would charge for working both?
