I am a young female professional who works for the government. I am either looking for a room in Arlington, Alexandria or the surrounding areas that is in walking distance of a metro or looking for like-minded female roommates in their 20s - 30s. Due to my employment, I cannot live with anyone who does drugs or parties heavily. As a working professional, I would expect my fellow roommates to respect a typical weekday schedule by keeping noise to a reasonable level after certain hours. I would like to be able to socialize with those I live with and eventually become friends! I am also alright with living with either cats or dogs.

I am looking to spend no more than \$1000/month including utilities and parking if it is not included in the rent. I can move in as early as August 1st but would prefer to move in at the end of August. Please message me if you think I would be a good fit for your place or if you think we would be a good match as roommates and can look for places!
