I am a professional Realtor with the National, Virginia, and Maryland Board of Realtors.

Please email me your name, number, income before taxes, and estimated credit score. I will get back to you ASAP! My info is shown when you hit reply. Email is best method of contact.

You can own a house for less than you can rent it for! Plus get a tax break that will save you hundreds a month on your income taxes!? When you move, make some nice easy money from selling the house, instead of nothing when you rent! Or rent it out to someone else and make some \$\$\$ every month while growing your equity! You don't have to pay your 1st mortgage payment until 45-60 days after you move in!

If your credit is 600+ I can help you now. If it's too low, the loan officer I normally recommend my clients to use can give you some suggestions on how to improve it.

****The price in the title is an estimate, it will vary based on your credit score, debt, area you want to live, and some other factors. There are 100s of houses available for every price range, the pic is a****
