Beautiful Lake House Estate w panoramic view! Need a quiet, roommate to share house, or simply live downstairs. 2100 sq ft home, w huge deck, garage, shed, 2 furnished queen size beds in 1 room, another queen size bed in the fireplace room. I am not renting the bedrooms upstairs. Beautiful kitchen w granite countertops, large ceiling to floor windows, every room has a view downstairs. Water fountain, and huge beautiful landscaping, & yard. \$1000 a month w utilities included. I have a w/d. I have wifi, high speed internet. I am a very quiet person that loves to read mostly. Once in a while I listen to meditation music, & relaxing music. But never having noise loud enough for others to hear is respectful! It is paradise w deer, raccoon, & wildlife galore! I have one outdoor cat, and one indoor only cat. I don't allow pets from renters though. I don't want more animals period. I like it clean, & quiet! This is a retired community of quiet elders, & I want to keep it that way. No party.
