

Cute Jack Russell, female, spayed (South Anchorage)

Location **Alaska**
<https://www.genclassifieds.com/x-508480-z>

We have a Jack Russell Terrier that's spayed and almost 4 years old (4 in July). She's had her shots and isn't due 2016. We have her vet records as well. She's a little sweetheart and ever so cute. Our cats have been stressed ever since we took her in, otherwise we'd keep her. We only want the best for her so only the best home will do. We are asking a rehoming fee of \$100 which includes her little kennel (used only as trainer,) and raised dog feeder, gentle leader collar, etc.

If interested please call or.
