

Tripp Lite SU1000XLA 1000VA 800W UPS Smart Online Tower 100V (120 USD)

Location **California**
<https://www.genclassifieds.com/x-508552-z>

Tripp Lite battery backup for computers or other critical electronics. Like new, I used it for about a month then ended up getting a new laptop which I now use more than my desktop.

High power limit: 800W was able to support my powerful desktop computer, monitor, printer, wireless router and speakers in a power outage. 6 outlets.

Description from manufacturer:

Do you need to protect mission-critical electronic equipment such as servers, networking equipment and telecom systems against data loss, downtime and equipment damage due to power outages, voltage fluctuations and transient surges? Tripp Lite's SU1000XLa SmartOnline™ Tower UPS System is the solution! Featuring true on-line operation with pure sine wave output and zero transfer time to battery, it provides the highest level of power protection for mission-critical equipment. The SU1000XLa's large internal battery set supports connected equipment during blackouts, and runtime is expandable with optional external battery packs. The SU1000XLa has six outlets including two that are individually controllable to reboot select equipment on demand or maximize battery runtime for mission-critical equipment. USB and DB9 communication ports support messaging of detailed UPS operational parameters and line power status. Included PowerAlert power management software supports an unlimited number of network UPS systems.
