Hola! Im looking for like minded musicians wanting to write and play some metal tunes . I play rhythm and lead guitar, been playing for 9 years, have transportation, and have my own rig. My influences are Iron Maiden, Opeth, Impaled, Voivod, Forbidden, Heathen, Death, Master, Testament, Exodus, and so on. Im able to play various music but mostly into thrash, death, NWOBHM and doom metal. Im actually very serious about my playing and would like to have some like minded musicians who want to play gigs an actually work on songs. I dont want to be stuck on random jammings or think jamming is really a time for partying. Well If you are interested in starting something or need a guitarist to join your ranks please feel free to contact me. Alrighty check yah
