

NEED fence installed

Location **Delaware**
<https://www.genclassifieds.com/x-508750-z>

Need a person/people to install fence in my backyard
16 sections of 6 ft tall wooden privacy fence.
2 sides of yard are already fenced so just two sides need to be put up.
I have all materials including concrete, nails, fence panels, gate, and posts
I also have a post digger you can use if needed

Let me know what you think the job is worth or if I am missing any key information in my ad. Thank you.

Would like the job done this week. Will pay cash upon.
