Hello everyone, my name is Alyssa Smith. Before I get started I wanted to let everyone know, this is no scam and feel free to ask any questions you have. There's is a simple way you can make money that will just require you to have a bank account. All I will need you to do is ship me your atm card with other information we can speak about privately. You don't need money to make money, so your account can be in the negatives or at \$0.00. I have an insurance voucher that I will deposit into your account and your funds will be available the next day. I hear stories about how people got scammed because someone told them they could flip their money. It's a tough world out there and people have helped me get back on my feet and now I want to help others. If you need help please don't be afraid to email me. I want to help!!
