

LOST ZELDA WALLET (38th and Dewey)

Location **Iowa**
<https://www.genclassifieds.com/x-508881-z>

My son's Zelda wallet and car key, fell off the top of a vehicle when backing out of the driveway on to Dewey St. We checked the driveway and Dewey Street, found the key, but the wallet was nowhere to be seen.

PLEASE RETURN THE WALLET, NO QUESTIONS ASKED
If you needed the cash, fine, keep it, just return the wallet with the other contents. My son's military ID is in there.

We noticed a man on a bicycle with headlights at the bottom of our driveway lingering before we realized the wallet was on the car and missing. We believe he may have found the wallet. If anyone knows this man, or if you wish to return the wallet, please contact me by phone or text at
