Our family is in need of a nanny for our 4 children ages 2,4,6 and 7 months starting August 1. Because my husband is on the fire department we have an odd schedule but basically are looking for a nanny 5 to 7 days a month from approximately 8am until 4pm. The days would vary by the week but could arrange it months in advance. This would be ideal for someone who works At a restaurant or goes to night school. We would need someone who is able to drop and pick up from preschool feed lunch and basically play with them during the day:) please let us know if this sounds like something that might work for your!
