Black Dwarf Rabbit for sale with cage. I don't give rabbit the attention it needs anymore and could use a good home. Is in a 2 story cage. Rabbit will let you hold it but is somewhat skiddish after a little bit probably due to me not giving attention and letting it run around like it should. Bought the cage 2 months ago for \$100.00 online. Made modifications to cage so it could be indoor. You can have extra supplies I have for rabbit as well (food, bedding, hay). But everything \$45 firm. Text anytime.
