Location **Massachusetts**

Our Hollywood based production company expanded to Boston and Miami last year and now our adult film company has recently merged with the largest porn production company in France and Spain. Our films are mainly series that sell in Europe (some exclusively). We have very little internet exposure in the USA.

Our merger demands the best actresses, so they are pro porn starts. Our productions are dramatic, with story lines. This takes half day or full day shoots, sometimes five days.

We are seeking very attractive females 18 to 29 years of age, who are slim and drug and drama free to help the production schedule move along in a timely manner.

The job offered here is "fluffer girls" to insure the male talent is aroused on demand (before scenes or between takes).

You will NOT be on film at all. All fluffing of the male actors is performed back stage and off the filming set. You must be sensual and good with your hands and any other skills necessary to perform the task of arousal. Or just have a good attitude and be motivated. No sex required.

This job pays \$1,000 per day to \$5,000 per week.

Please respond with the following in an email marked "Fluffer Girls":

1. Photos including face and full body pics.
2. Your contact phone number.
3. Prior adult related work experience, if any.

4. When you are available to start work.
