

InfantToddler Care (Swampscott)

Location

Massachusetts<https://www.genclassifieds.com/x-509197-z>

Experienced educator, early intervention professional seeking part time care for your little one! I have worked in toddler programs and early intervention (ages 0-3) for over ten years. I would help care for your little one while offering fun experiences and developmental activities along the way. I am CPR and First Aid certified.

If you feel comfortable, I can do this within my own home as I have all the newborn equipment you can think of, as well as toys, strollers and a fenced in back yard! I am so excited to hear from
