We sadly have to re-home our Female Husky Mix. We live on a very busy street and she keeps getting loose and escapes our fenced in yard. She is beautiful, fun and loving and full of life! I would love to find her a good home that has some land for her to run free without a chance of her getting hit by a car. She is very smart and learns quickly. We have a doghouse but needs a little work. She doesn't really like to be inside....loves it outside and loves walks! She is UTD on all shots! She just turned a year old a few weeks ago. Message me if you have any questions. Asking \$200 (cash only) since she will be coming with everything we have for her. This is so hard on us all, it took me 2 weeks to post.
