

Little Munchkins Home Daycare

Location **Minnesota**
<https://www.genclassifieds.com/x-509467-z>

Looking for a safe and fun in home daycare for your child!? We are located in St. Paul between Wheelock and Rice Street. We are a multi-cultural home with lots of fun activities to do everyday. We currently have opening for ages 2 & up. We are part of a food program so everything I serve is nutritious.

I am licensed through the state of MN. First Aid & CPR certified. I have continue education to better my knowledge in kids development. I am currently going into Parent Aware. It is a national rating to make sure my program is kindergarten readiness. I am going for a 4 star rating!

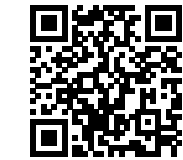

I have a very open and spacious home. It is not overloaded with toys so we are not overwhelmed by materials items. Each new day we have a routine that includes story time, circle time, art and crafts, free play, snack time, nap/ quiet time, etc. There are many hands on activity for each child to keep occupied. Arts and crafts supplies are put down low so kids feel empower to draw and color whenever they feel like it instead of always having to ask to do something. I have a separate playroom that is dedicated to free play. A cozy corner to relax and read books. There are lots of things to do together!

If you are interested, please give me a call and we can set up a time for you to come visit. Our rates are as following:

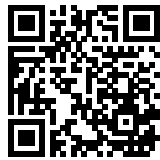

We are open Monday through Friday at 7am to.
