I am re homing my sweet kitten. We have to move and cannot take her with us. I am asking a fee of $20 only because she comes with some food, her food bowls, a litter box, her worming medicine, and 2 months of flea and tick medicine. The wormer will last a while because it is a big bottle. She is very playful and absolutely LOVES our dog, they play all time. She loves our young baby to. She's a very good kitten. Fully litter box trained and eating hard food. I hope someone considers this sweet baby. I really need her gone by Wednesday. Txt for pics and any other!
