

The Scne is dying (Bangor)

Location **Maine**
<https://www.genclassifieds.com/x-509785-z>

I was talking about the fact that in the Bangor area there are fewer and fewer posts for musicians seeking one another... yes there are some open mics and places where groups are playing... but they are the the same groups that have been playing for a long time and half of them are in 2 or 3 groups. We need new.
