Located in an historic, lovely neighborhood highlighted by Grand Island's beautiful tree-lined streets, this is a truly charming, one-of-a-kind home. Built in 1926, the home showcases several aspects of its unique character and features. The home boasts original, refinished hardwood flooring, stunning plaster walls, original interior doors and knobs, built-in storage cabinets, spacious bedrooms, and a working wood fireplace!

Along with the charming historic features of this hand-built 1920s home come a number of updates. Numerous upgrades to light fixtures and an updated kitchen (including newer appliances) were installed in 2012 and 2013. Electrical updates were also completed in 2012. The exterior received new siding and fascia in 2012, and the lawn and landscaping have been well maintained and manicured (thanks in large part to the underground sprinkler system). The roof was replaced in March of 2015. Newer, double-hung windows have also been installed throughout the main floor and upstairs. Both bathrooms have been updated in the past few years.

This home really is a must see. Please contact us with any questions you might have or to schedule a showing.
