

# SHEETROCK CEILINGS INSTALLED and REPAIRED (Manchester area)

Location **New Hampshire**  
<https://www.genclassifieds.com/x-509953-z>

\*Are you tired of looking at that "water stain" on your sheetrock ceiling that's been there for months caused by a leaky water pipe, roof leak or winter ice dams?

\*Are there noticeable "ceiling cracks" due to house settling, or added weight to the above floor ( such as washer / dryer, attic storage) and you had someone try to fix it only to find out that the cracks are back?

My name is Joseph Petralia and have been in the construction business now for 40 years. I work on "one job at a time" (Big or Small), so when a job has been completed, I then take the next customer on my list. I have a Registered NH Business Trade Name. I am Fully Insured and have lots of Excellent References.

Here are some of the "SPECIALTIES" I do that may interest you:

- 1). Installation of new 5/8" sheetrock Ceilings in any room (or whole ceiling / wall replacements).
- 2). Installation of new 5/8" sheetrock for garage ceilings /walls (fire code / sound proofing).
- 3). Mold / Water Resistance Sheetrock in bathrooms and basements, New or Replaced (toilet condensation and shower / tub areas).
- 4). Taping, Sanding, PVA Drywall Priming and Finish Ceiling Painting "(complete).
- 5). Repair / Patching and Matching of: Smooth, Textured Knockdown, Popcorn, Sand, Orange Peel, Swirl and Variety Slap Brush Designs.
- 6). Repairing ceiling "Hairline Cracks" caused by structural stress / house settling.
- 7). Repairing "existing" inside / outside drywall corners and seams on walls / ceiling sheetrock where paper tape was used causing "bubbling" and Replace with New Fiberglass Tape.
- 8). Ceilings and walls "Drywall Skim Coats" for imperfections such as: wallpaper paste, layers of paint and animal scratches.
- 9). Patching holes in ceilings and walls (any size).
- 10). "Popped Screw Heads Exposed" on ceiling and walls (noticeable) repaired.

11). Ceilings, walls, baseboard wood trim, doors and windows "Painted Professionally"

12). Installation of own New Drywall, Wallpaper, Borders and Ceilings.

13). Taping and Installation of new Drywall many styles and borders.

14). Removal of partition walls and more storage and opening up a new support for structural beams if it's a load bearing wall.

15). Installation of "partition walls" in basements and kitchen for extra storage.

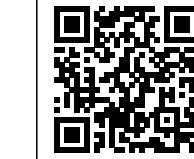

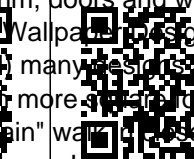

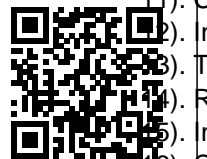

16). Coffered Ceilings installed in: Kitchens, Living and Dining rooms, Libraries, Law Offices and Personal Home Office very elegant. Stained or painted.

17). Suspend Drop Ceilings for: Basements, living / dining rooms, bathrooms, kitchens and bedrooms.

18). Installation of fiberglass Insulation above ceiling and wall cavities for good R-Values, feel warmer, lowers heating bills and sound proofs, such as garage and house interior wall partition).

19). Installation of new "Wood or Aluminum Fold Up Attic Stairways" (also replacements)

20). Wish you had more storage space for your Christmas decorations, clothes, files, kids toys etc.? Why not install plywood on your attic floor for more square footage very convenient when you need these items (reinforce floor for extra strength if needed).

---

21). Professional Wallpapering: you buy the wallpaper and I'll install.
