## **SECOND SHOOTER NEEDED (Bristol ME)**

Location **Maine** https://www.genclassifieds.com/x-510062-z

I am looking for a second shooter for a wedding on June 27th 2015. You can be a student, right out of school, or a photographer just starting out! I am offering \$150 for the day (plan on being there for about 6 hours). I am looking for someone who is wanting the experience to work during a wedding and cares more about the experience than the money. The images you capture that day will be given straight to me when the event is finished or when you leave. All rights to the images will be to me. If you have a website or a place you promote yourself you may place a couple up as well as stating you are a second shooter that day. I will use you in the future if all goes well!

Contact me ASAP if you're interested with a little about yourself, what you shoot with, your experience, etc. Like I had mentioned little experience is acceptable! My email is

My website is www.doublehphotos
